## HEADLINE: POLYGUARD ADDS TO INTERNATIONAL DIVISION

Sub-headline: Ana Cervantes adds, sales, product development experience

ENNIS, TX – Polyguard is also pleased to announce that Ana Cervantes formerly of Berry Plastics, will join the International Division, Polyguard Global Business Development Director Nathan Muncaster announced this week. Ana brings with her 18 years of experience in various roles such as Latin American sales, Process/Quality Improvement and Product Development. She worked in the oil, gas and water industries looking after five principal technologies heat shrink sleeves, cold tapes, liquid epoxies, cathodic protection and viscoelastics and lived in various locations in the USA and Mexico while working for Berry Plastics.

Ana obtained a Master Black Belt in Six Sigma Quality Management and received an Operational Excellence award in 2009.

Muncaster expressed his excitement over Ana's inclusion in the Polyguard team.

“We are very excited to have Ana join the Polyguard team as she brings a deep background in coatings and product technical work to our group,” he said.

Ana has dual Chemical and Electrical Engineering degrees from the University of Guadalajara, Mexico. Ana's role will be to expand Polyguard's sales in Mexico and champion internal research and ISO projects.

Ana divides her time between San Diego and Tijuana, Mexico and has two children. She enjoys sports, gardening, dancing and traveling.

She joins a Polyguard team that is looking to increase its already impressive prowess in exports, as highlighted in the federal governments awarding of the rare E-Star Award for excellence in exportation in 2014.

Founded in 1953, **Polyguard Products** specializes in products which protect surfaces and structures from moisture, water, or other undesired substances. Polyguard is an industry leader in the production self-adhesive protective coatings for engineering and construction. Polyguard is also a 100% employee-owned ESOP with 22 consecutive years of sales growth.
