## HEADLINE: TERM BARRIER SYSTEMS ADDS ENTOMOLOGISTS

ENNIS, TX – Polyguard Products, Inc. CEO John Muncaster announced today the addition of two entomologists who will join the company as it launches its new TERM Barrier Systems.

Holly Beard and Dr. Cassie Krejci join Polyguard as Technical Sales Representatives and Research Associates for the TERM Barrier Systems, which are being launched as non-chemical pest barriers for both new construction and existing structures.

Dr. Cassie Krejci received her Ph.D. in Entomology from Texas A&M University in 2015. Cassie is based in College Station, Texas, where her technical sales responsibility includes Texas and Louisiana.

Holly Beard received her Master's of Science degree in Entomology from the University of Florida in 2015. Holly is based in Orlando, Florida, where her technical sales responsibility includes the Southeastern United States.

Both Cassie and Holly will have additional applied research responsibilities in the development of additional barriers for the pest control industry.

Polyguard's TERM Barrier Systems is dedicated to the goal of bringing together the worlds of architecture and pest control to dramatically reduce future pesticide requirements.

Founded in 1953, **Polyguard Products** specializes in products which protect surfaces and structures from moisture, water, or other undesired substances. Polyguard is an industry leader in the production of self-adhesive protective coatings for engineering and construction. Polyguard is also a 100% employee-owned ESOP Company with 22 consecutive years of sales growth.
