## HEADLINE: POLYGUARD INTRODUCES POLYPHEN INSULATION

ENNIS, TX – Patrick Dunn, Vice President of the Mechanical Products Division of Polyguard Products, is pleased to announce the introduction of **PolyPhen**<sup>™</sup> Insulation into the Mechanical Insulation market.

**PolyPhen** has an excellent K value (.15k) and a 0,0 rating on ASTM E84; the base 2.5# closed cell foam density insulation will be orange in color.

The product will be available for shipping in March of 2016.

“Polyguard is continually looking to strengthen our commitment to the mechanical insulation industry with viable, innovative insulation products for our industry,” Dunn said.

The insulation will be available in four densities to fulfill all insulation and hanger location requirements.

For more information on **PolyPhen** contact Patrick Dunn at [pjd@polyguard.com](mailto:pjd@polyguard.com).

Founded in 1953, **Polyguard Products** specializes in products which protect surfaces and structures from moisture, water, or other undesired substances. Polyguard is an industry leader in the production of self-adhesive protective membranes for engineering and construction. Polyguard is also a 100% employee-owned company with 23 consecutive years of sales growth.
