HEADLINE: POLYGUARD PURCHASES CORSICANA BUILDING WITH EYES ON EXPANSION

ENNIS, TX – Polyguard Products, Inc. announced that it has purchased a 380,000 square foot facility in Corsicana with plans to expand its manufacturing plant.

Polyguard plans to increase its production capabilities, and the new building, which more than doubles the company's current building assets, and is in line with Polyguard's long-term plans.

"We've enjoyed 23 consecutive years of top line sales growth and have outgrown our existing facility," Polyguard President Shawn Eastham said. "The expansion of our manufacturing capacity and addition of new technology will help us maintain our leadership position of providing the highest quality products to the industries we serve."

In 2015 alone, Polyguard increased its employee base by over 20 percent with plans to hire more companywide staff within the next two years.

Founded in 1953, **Polyguard Products** specializes in products which protect surfaces and structures from moisture, water, or other undesired substances. Polyguard is an industry leader in the production of self-adhesive protective coatings for engineering and construction. Polyguard is also a 100% employee-owned ESOP.
